Agriculture

**Food security for all, and
better livelihoods for
farmers**

We have built a considerable base in India's largest sector, with products and services that reach over 20 million farmers.

EID Parry (India) Limited

With over 235 years of heritage and trust, E.I.D. Parry is redefining sweetness for the modern consumer, creating consumer propositions that blend tradition, innovation and wellness. Backed by deep category expertise and a strong commitment to quality, E.I.D. Parry is moving beyond traditional sugar towards a higher-value portfolio led by premium sweeteners, brown sweeteners, jaggery-based products and adjacent value-added offerings, building a stronger and more sustainable growth platform for the future.

Cultivating Flourishing Agri-businesses

In the last decade, the Kulithalai taluk under the Pugalur sugar factory extensively cultivated the 2003V46 variety, which gave farmers good yields under intensive cultivation practices. However, this variety has since been severely affected by pests and diseases, leading to a drastic reduction in cane area in the Karur district. With the economic impact being significant, we had no choice but to scale down cultivation.

Thanks to EID Parry's R&D and cane teams, as they introduced the PI 08 238 variety, which is tolerant to these prevailing pests and diseases and delivers higher yields. With this new variety, we are hopeful of reviving sugarcane cultivation this year.

Harvesting Innovation in Agri-businesses

“

Namaste! I've been in agriculture for over 30 years, continuing a legacy from previous generations. When it comes to plant nutrition and crop protection, Coromandel is my choice due to its quality, trust, and consistent availability. Alongside paddy, we also grow vegetables and millets.

I use Coromandel's Gromor 20:20:0:13, 28:28:0, GroShakti, Prachand, and Fantac Plus. I've consistently noticed higher yields compared to other products.

The Coromandel team visits our village regularly to conduct free soil testing and provide crop-related advice. Recently, they also demonstrated spraying with new drone technology in my field, which I found very useful.

Kanche Mallaih, Bhuvanagiri, Telangana

CG Drives and Automation, Europe

Trust built across generations!

Smart solutions.
Strong relationships.

We've been associated with CG for almost 70 years.
I am the third generation in my family working with CG.

Over the last four decades, we've been involved with almost all of CG's products, right from Transformers to HT motors, TFC motors, and fans. It has been a great journey working with CG as a team.

We've grown together, and whatever we are today, a big part of that is because of our partnership with CG. In fact, people in the industry often recognise us as being synonymous with CG, and we are proud of that and are very happy to continue this relationship for the foreseeable future.

“

I have 25 years of experience in the vehicle industry and have been a customer of Chola since 2008. Based on Chola's excellent funding and service in both urban and rural areas around Tirupattur, I secured a loan for my maxi cab passenger vehicle. The loan was sanctioned at a competitive interest rate, and I've been connected with Chola ever since. My timely repayments earned me even better rates, allowing me to expand my fleet. Today, Meenakshi Travels is a well-known name for hiring passenger vehicles in and around Tirupattur. I believe, and we believe in Chola.

Saravanan M, Tirupattur

”

Cholamandalam MS General Insurance Company Limited

Chola MS General Insurance Company Limited, a joint venture between the Murugappa Group and Mitsui Sumitomo Insurance Company Limited, Japan, began operations in 2002. “

I would like to sincerely thank Chola MS for the seamless support provided during the settlement of my motor insurance claim. Following my accident, the claim was registered at Somani Hyundai, Pune, and the vehicle survey was conducted on the very same day. The prompt response, professionalism, and efficient coordination ensured that the assessment was completed quickly. My claim was approved and settled without any unnecessary delays. I truly appreciate the dedication, timely assistance, and customer-centric approach demonstrated throughout the process. Thank you, Chola MS team, for delivering such a smooth and hassle-free claims experience.

The Art of Giving
Corporate Social Responsibility

Nurturing Communities

Since the early years, Murugappa Group companies have contributed a part of the profits towards CSR. This amount is channeled through the AMM Foundation which proudly celebrates a century of service. The AMM Foundation focusses on healthcare, education, environment and sport needs of communities the Group operates in.

Over the last decade, the Group's focus areas have expanded to include sanitation & hygiene, skill development and community development.

Today, dedicated teams in each company implement CSR projects at the regional and national levels, working along with the Foundation and service partners.

In 2025-26, Healthcare, Education, Community Support, Environmental Conservation, Skill Development and Sport continued as the focus areas for CSR initiatives by the Group companies and the CSR Arm of the Group — the AMM Foundation.

Healthcare

- The 5 hospitals run by the AMM Foundation treated over 8.15 lakh patients.
- Through 6 mobile health vans offering services in various parts of the country, the Foundation recorded a total patient footfall of over 1,05,000.

Education

- The 5 educational institutions (four schools and a polytechnic college) run by the AMM Foundation catered to educational needs of 8,892 students, of which over 6,000 belong to marginalised communities.
- The AMM Murugappa Chettiar Centenary Scholarships (full fee) supported 482 Murugappa scholars.
- The Murugappa Science Centre covers about 119 government and government-aided schools in Sivaganga and Pudukkottai districts, reaching over 14,000 students.

Community Support/ Environment

- AMM Foundation established NANNEER (நன்னீர்), a water body rejuvenation project in Sivaganga, Pudukkottai, Tiruppur, Cuddalore and Erode.
- Under this project, 39 water bodies were rejuvenated and water capacity was increased by about 6 billion litres, benefitting 25,000+ farmers directly and indirectly

Sport

- The Murugappa Youth Football Academy (MYFA) has trained 600 boys since its inception.
- Through the Murugappa Raising Talent Sports Scholarship, the AMM Foundation is supporting 10 athletes of which 5 are para-athletes.

Company CSR Highlights

Healthcare

- EID Parry, through the project 'Wellness on Wheels', provided medical care facilities for elderly and poor people at Haliyal, Karnataka
- TI Medical Outreach Centre, operational in Tiruttani since 2018, served 36,000+ patients in FY2025-26. TII is also establishing a 100-bed hospital in Mamandur, near Tiruttani, with Phase 1 construction underway and scheduled for completion by end-2026.
- Coromandel's CoroArogya reached 350,000 community members, including persons with disabilities, transgender persons, the elderly, and women.
- Coromandel supported Government General Hospital, Kakinada, with NICU and PICU facilities, benefiting over 9,000 children.
- Coromandel Hospital, Kakinada launched a new 60-bed inpatient facility with three operation theatres and best-in-class medical services
- Coromandel supported 111 children in receiving curative care and surgical treatment for congenital heart disease.
- CUMI supported the Cachar Cancer Foundation, an organisation dedicated to provide affordable cancer care, prevention, treatment, education, and palliative support across Southern Assam and neighbouring states, serving nearly 10 million people.
- CUMI through the AMM Foundation Initiatives, Valliammai Achi Hospital, Kanyakumari, continued to offer affordable healthcare services to rural and tribal communities, serving nearly 2,500 patients every month.
- CUMI provided financial assistance for the treatment and care of children with cancer from low-income families, covering costs averaging nearly ₹2 lakh per child.
- Through The Energy and Resources Institute (TERI), CG Power and Industrial Solutions provided infrastructure support to Primary Healthcare Centres situated in Bamnai and Diwatiya villages in Madhya Pradesh benefiting 15,000 people every month.
- Chola provided free eye care to 1,49,000+ commercial vehicle crew members under Raahi initiatives across various location.
- Through Chola's maternal health project, 416 pregnant mothers received comprehensive antenatal care and 213 children received corrective cardiac surgery and cancer treatment.

Company CSR Highlights

Education

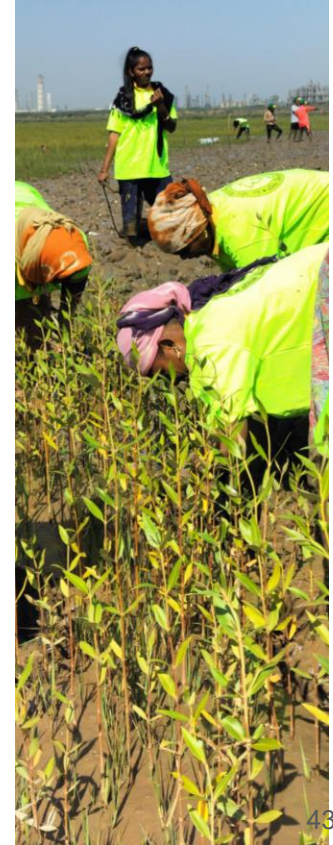

- Coromandel's CoroVidya initiative promotes scientific learning among students of government schools in Vizag through Prayog Utsav. Over 2,000 students participated in school-level competitions across 26 schools. 349 students participated in inter-school competition and showcased around 150 working models
- Through Udaan Centres (Masti Ki Pathshala) in Ankleshwar and Dahej Coromandel provided educational support to around 700 school dropouts and facilitated their re-enrolment into mainstream education
- EID Parry helped the development of educational infrastructure through construction of classroom facilities to support learning outcomes at GMHPS, Gunavanthe - Karnataka
- TI India completed a classroom infrastructure project at ZP Semi English Primary School, Nashik, including construction of classrooms, educational wall drawings, and a front porch area to enable interactive and engaging learning.
- CUMI maintained support Vellayan Chettiar Higher Secondary School, Tiruvottiyur, students from poor and marginalised families, with over 2,300 students enrolled and 100% higher secondary examination results during 2024-25
- CUMI supported TI School, a CBSE institution focused on affordable and value-based education, kept providing holistic learning opportunities for nearly 1,300 students
- CG Power and Industrial Solutions provided infrastructure facilities to Zilla Parishad/ Municipal Schools in Ahmednagar and Nashik. The schools were also provided with Interactive panels to enhance education.
- Chola supported 71,065 beneficiaries with long-term financial assistance, academic mentorship and smart classroom infrastructure to first-generation, underprivileged students.

Company CSR Highlights

Environment/Community Support

- Coromandel's CoroVikas initiative: 52 RO plants installed across villages, schools, and institutions, providing access to safe drinking water for over 51,000 community members
- Coromandel's CoroBhoomi environmental initiative: Created 10 water-harvesting structures in five tribal villages of Udaipur, Rajasthan, with total capacity of 50,578 KL, expected to conserve around 90,000 kiloliters of water annually
- 3,745 Coromandel employees contributed over 7,500 man-hours towards social causes. Over 1.528 million individuals impacted across 44 districts and 11 states in FY 2025-26
- CUMI supported the Sugun Thomas Foundation (STF), which has been working for over two decades to improve educational access, promote academic excellence, and create career opportunities for economically disadvantaged students
- CUMI continued association with the Madras Dyslexia Association (MDA), contributing to initiatives that empower children with learning disabilities through remedial education, awareness programs, teacher training, and development of school resources.
- EID Parry provided integrated community support covering access to safe drinking water, food assistance and basic infrastructure development at Nellikuppam, Sivagangai, and Pugalur - Tamil Nadu
- EID Parry created community infrastructure to support social, cultural and collective activities at Sankili - Andhra Pradesh
- Under TII's One Million Trees Project, 100 acres of 'biological desert' in Thoothukudi are being transformed into a dense native forest. 1,20,698 native saplings and 35,000 palmyra seeds have been planted, along with a 40,000-sapling nursery developed across 20 cents.
- CG Power and Industrial Solutions partnered with TERI for integrated rural development of communities for social development in and around Mandideep in Madhya Pradesh, distributed Integrated Domestic Energy Systems, benefiting 8,000 people in 6 villages.
- With Chola's support, 12 lakes were rejuvenated across Tamil Nadu, Andhra Pradesh and Karnataka.
- Chola supported 34,679+ farmers through upskilling initiatives and integration into sustainable farming networks.
- Chola ensured the protection, restoration and promotion of the sustainable use of terrestrial ecosystem. Through communication technology, it fostered human-elephant co-existence in the plantation forest.

Company CSR Highlights

Sport/Skill Development

- Coromandel's state-of-the-art Skill Development Centre established in Kakinada providing job-ready training to youth
- Coromandel offers three specialized courses with capacity to train around 500 youth annually.
- CUMI's Centre for Skill Development at Hosur and Kochi continues to benefit provides free technical education and skill-based training for deserving students from economically weaker backgrounds, helping improve employability and career opportunities
- Through the Ahmednagar Auto and Engineering Association, CG Power and Industrial Solutions set up a skill development centre providing welding and winding training programs.
- EID Parry built capacity and enhanced livelihood through vocational and skill development programs for women at Haliyal, Karnataka
- Chola supports small and marginal farmers in climate vulnerable and rain shadow regions through 24 Farmer Produce Companies through advanced training, regenerative inputs and sustainable livelihood programs.
- Chola provided skill training programs in retail and allied sector as well as auto driving program to 241 women.
- Chola supported 1089 young athletes including 233 Chess players across India.
- Through TI Skill Development Centre, TILTH at Avadi, 805 trainees enrolled across six batches in FY2025-26. 761 trainees were trained, TNSDC-certified and secured placements in various companies, while 44 pursued higher education or entrepreneurship.

Protecting the Environment

A birds' paradise at Coromandel's Kakinada plant

Spread across 265 acres of greenbelt, Coromandel – Kakinada Bird Sanctuary is the result of 15 years of ecological restoration. Once scrubland dotted with just a few palm trees, the landscape has transformed into a flourishing avian hotspot within an industrial campus.

Today, 5,000+ birds visit the sanctuary annually, with 97 bird species documented, including 13 species known to breed and nest here. Migratory birds travel here from as far as Siberia, Arctic regions, Central Asia, Magnolia and China, while 60 species of trees create a rich and diverse habitat. The sanctuary is a mosaic of habitats, comprising a forest patch, scrubland, rain-fed lake and open habitats, supporting a vibrant ecosystem. Its remarkable transformation and biodiversity have been recognised by the United Nations Development Programme (UNDP) and featured by Discovery Channel.

The Murugappa Way - Our Values and Beliefs

These five lights guide us as we navigate through professional and personal decisions.

The light of

INTEGRITY

That gives us the courage of always do the right thing

The light of

PAS2ION

That provides us with the desire to win

The light of

RESPECT

That inspires people around us to perform

The light of

QUALITY

Which makes us dream of excellence

The light of

RESPONSIBILITY

That gives us the humility to think about the world around us

Thank You
